

Driyos

Design by
Delineodesign

Spoglia di vezzi decorativi ed essenziale nelle finiture, Driyos ha un aspetto rigoroso caratterizzato da linee precise e geometriche. Esprime la sua forte personalità e sorprende anche grazie al singolare sistema di sospensione, che permette di avvolgere parte del cavo in modo da poter regolare l'altezza della lampada in modo semplice, a seconda delle esigenze.

Stripped of decorative charms and essential in finishes, Driyos has a rigorous look, characterized by clean and geometric lines. Driyos expresses its strong personality and can surprise also thanks to the unusual suspension system, which allows you to wrap part of the cable in order to adjust the height of the lamp in a simple way, according to your needs.

Sorgente luminosa/Light source:
